

# Michele Oka Doner

## The Book of Enchantment

Artist Michele Oka Doner has been writing a book of enchantment over a lifetime. Chant is the operating principle as this installation is both songfest and visual poetry. Works of art have been drawn from an opus of fifty years to address the spirit of this moment, a dark one, deep winter, a time traditionally used to renew by both trees and humans alike.

January 23 — March 2, 2024
